Installing the Color Ribbon Cartridge in the DC-2300 Card Printer

IMPORTANT: To provide optimum Print Quality when printing with the DC-2300, it is recommended that the cleaning roller is replaced each time you change the Color Ribbon. This is to guarantee the print quality and protect the print head.

Loading the Color Ribbon Cartridge

- 1) Obtain the Color Ribbon Cartridge from the box and its plastic package.
- 2) Cartridge Loading Pins slots in the Printer
