

## T2380

*Tally*

"Unsurpassed excellence." This defines the rugged high-powered T2380 Printer. Built to leave a lasting impression on your productivity, this high-speed workhorse exemplifies what rugged durability is all about.

With its advanced 24-pin print head, the T2380 is engineered to perform at a blistering pace even in the harshest operating environments.

You're assured of top-shelf performance, crisp, clear and reliable print quality at a low running cost.

You can count on the T2380 when your performance is what counts and you want value and dependability.

### Highlights at a glance:

- Full range of automatic features to minimize user intervention
- Ideal for "On-Demand" and "Batch" applications with zero tear for no wasted forms
- Straight through paper path for easy forms loading
- Parallel and Ethernet (10/100 Base T) standard
- Optional Interfaces: RS-232 Serial; Coax/Twinax; Ethernet IPDS
- Compatible with a wide range of operating systems including Windows, Unix, DOS, SAP R3 and legacy systems

These products are well matched to Microsoft Windows applications and are highly compatible with other host operating environments including legacy systems.

Fully automated operations, coupled with a straight through paper path allows ease of use and virtually eliminates errors caused by user intervention.

In addition, these printers comply with Intelligent Mail Barcode, a US postal standard that is a required capability to ensure you receive the best available postage rate.

Make sure when choosing a printer, it has this feature.
